

## **LEGENDS ACTIVITY**

### **Seeking Our Local Legends**

After the Legends Mythology, please seek the many other legends and amazing stories in the fine biographies, autobiographies and histories carried by the Old Rock Schoolhouse Library, local bookstores and the Crested Butte Mountain Heritage Museum. Visit the Museum on Elk Avenue to also see the photos and dioramas and speak with the very informed, good people there.

Listen to “Vinotok Myth, Meaning and Ritual” (9/16/20) on KBUT Community Radio. This is old-time radio, at its best, which has been a part of Vinotok since its creation in 1985. In this broadcast Marcie Telander, Vinotok Godmother and Founder, is pleased and privileged to share many things you might want to know about Vinotok, and some of her experiences of its legends and legendary folks.

“We are the New People.” Let us also become the new legends which will make our past and future Ancestors proud.
